

Founder & CEO

Centerpoint Productions

Jan 2002 - Current Portsmouth, VA

- Met with clients to discuss the visions of their projects.
- Converted 2D drawing data into 3D models quickly & efficiently.
- Took an architect's vision for a project, and created 3d assets of that vision for use in presentation and print.

Lead Designer

Scecon, Inc

May 2008 - Sep 2016 Portsmouth, VA

- Responsible for designing television broadcast sets, exhibits, events, facilities for national clients
- Utilized both 2D and 3D software packages to design, model, texture, light, animate, and render, then composite projects into final assets for delivery.
- Multiple award-winning projects allowed continued improvement of abilities in a fast paced production environment that included a wide variety of design goals and solutions.

BS in Computer Animation

Full Sail University

Feb 2011 - June 2014 Winterpark, FL

- Graduated with a 3.84 GPA
- Advanced Achievement Award
- Course Director's Awards
Awarded 6 times for excellence in academics. Awarded to a single student that best demonstrated mastery of the skills taught in the course.

OBJECTIVE SUMMARY

A passionate artist and manager, with over a decade of experience. Used to working under pressure in a fast-paced production environment. Multiple award-winning designs in broadcast and the exhibit field.

Currently looking for work due to Covid related instability. Looking for the right opportunity to bring a detail oriented expertise to any production environment.
